

2014 Annual Report

Our Mission

We are committed to providing economically disadvantaged individuals and families with quality, comprehensive social and advocacy services while promoting self-sufficiency. Each year Tri-Town helps over 15,000 individuals statewide. Programs are funded through federal, state and local grants and private contributions.

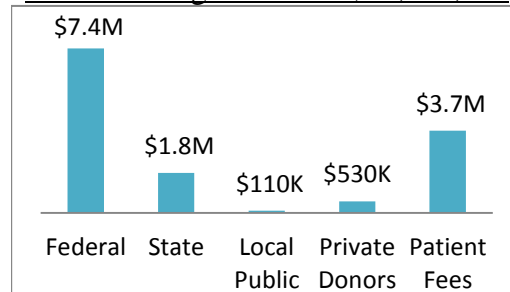

“To provide accessible, quality, and comprehensive social, educational, health, prevention, and other services to people in need, while empowering them to achieve the highest possible level of self-sufficiency and quality of life.”

Joseph R DeSantis
